

Web Updates

Keep your website up-to-date for only \$265 a month

As a business owner are you generally so busy running your company that keeping your website up to date is not high on your list of priorities? Unfortunately this oversight could be having a negative effect on your business.

More than 85% of B2B purchasers go online to research a purchase decision

How much revenue are you losing to your competitors because potential customers were not able to find the information on your website?

Websites were found to be the most important in influencing a B2B purchase decision

As an owner, finding time to update your website can be difficult because you're so busy running the company.

Having the right partner who understands your marketing goals to update your website is effective time management, just like hiring a bookkeeper.

As a marketing consultancy with expertise in online marketing, Fit 4 Market is the perfect partner to update your website.

Web Updates continuously adds new material to keep your website vibrant and **provide prospective customers with a site which reflects your business.**

Ring Fit 4 Market today on 8333 0734 to find out more!

What does your website say?

	Basic \$265	Standard \$480	Premium \$880
